Education

Prime Digital Academy

June to October 2015

Certification in full-stack Software Engineering

Prime is an 18 week accelerated program in Software Engineering where students learn the full MEAN stack and gain experience through project-based learning methods and working with clients

Minnesota State University Moorhead

August 2010 to May 2014

Major: Advertising

Minor: Graphic Communications

Graduated with Cum Laude

Experience

Prime Digital Academy - Software Engineering Student

June to October 2015

Solo Project - Rocket Resource Application

- Technologies: MEAN stack, HTML5, CSS3, Bootstrap, JavaScript, Mongoose
- Created a responsive application to not only intrigue children in the subject of model rocketry, but also give families a way to learn more about making it a hobby

Group Project - DocentEDU

- Technologies: HTML5, CSS3, JavaScript, jQuery, MongoDB, Mongoose, Node.js, API, Passport
- A resource site for teachers to use in creating interactive lessons for their classrooms
- DocentEDU needed a solution that both automated the data storage and collection as well as created a more intuitive user experience

Minnesota State University Moorhead - Advertising Student

August 2013 to May 2014

Senior Project - National Student Advertising Competition (NSAC)

- Given the task to create a full advertising campaign for Mary Kay with a target audience of 18 to 25 year old men and women
- Participated in the NSAC and placed 3rd
- Team designer focusing on product illustrations, print advertisements and other campaign pieces
